

## Explaining the sheet

the most left column is the number of customers a masseuse do

NM writes the customers name

RM writes the room the customer assigned

Price columns write 60 if it is 60 min massage, 90 if it is 90 min massage,

Tip Columns write the tip

Note Columns write 3 senses, or facial, or cupping, or other massage add-ons, not including aromatherapy, scalp oil, or pain relief oil or 大套 for luxury or exclusive package

## Rule

1.所有的appt（除了massuess requested appt）是按照turn轮的，例如，根据number顺序，依列排列，例如

#1 按摩师做了第一个按摩，再来预约就是#2

如果到#2的turn，但是他正在做按摩，那就让下一个turn且依列排列的做的最少数量的按摩师做

请帮我把一天的appt auto分配给按摩师写在这个sheet上, therefore auto fill nm, rm, price, and note

2. 针对requested masseuse appt, 请根据这个appt的时间和duration，安排每个人一天的schedule

3. The sheet changes according to any changes of appt on the schedules.

4. The tip column
